Receipts of Live Stock at the Union Stock Yards during the past 48 hours-363 Cattle, 430 Hogs. Shipments-570 Cattle, 961 Hogs.

There was a good run of cattle at the yards, but most of them were from the Panhandle and were not on sale here Twenty-five head of the natives arrived at the yards too late for today's market. There was a very good demand for butcher stock and native feeding and stock steers. The market closed steady to strong and active, and Kansas City closed active and

There was a light run of hogs today, but there seemed to be enough to meet the de-mands of the buyers. The market was about steady as compared with Saturday. The quality of the bogs was not as good by 214 to 5 cents. There was considerable many pigs, some roughs, and a very few Mexico grades. The market was about steady on all. The close was steady to strong. Chicago and Kansas City closed active and 5 cents higher.

The Stock Yards company today commenced the excavation for the foundation of a new exchange building at the new yards. The building will be \$4x40 feet. The bank and company's office will be completed. All parties who have business at the yards are very glad to see this, as it has been very inconvenient doing business at the old building since they commenced receiving stock at the new yards. Every body seemed to be so well pleased with the new move that they all wanted to take a hand at the pick and shovel. Superintendent Dulancy is always to the front in the way of improvements to facilitate business matters at the yards, and this last move will be appreciated by all concerned more than any other one thing up to the present time. The Cause of It.

"Dear, dear," said a kindhearted matron on meeting a friend whom she had not seen for a long time: "and you're not yet married, Jane, with your good looks, too?" "No, I'm not married yet," replied Jane, with a laugh. "And how comes it that you are single?"

The project was brought about by Mr. Richard Goodheart, the supreme representative from Washington jurisdiction, who introduced a resolution providing for the arction of making the past grand supreme chancelor of the world of the order. The project was brought about by Mr. Richard Goodheart, the supreme representative from Washing-ton jurisdiction, who introduced a resolution providing for the erection of such a temple. It was favorably received, and Mr. Goodheart was placed on the committoe having the matter in charge. The tem-ple will be located in Washington, and its dedication will require the attendance of all the supreme officers. A magnificent memorial will be erected at a cost of not less than \$100,000, and as soon as the plans are perfected the work will be rapidly pushed to completion.

Iowa has 268 subordinate lodges Knights of Pythias, with an estimated membership of about 14,000. During the past year, or since W. A. Greer has been grand chancel-lor, thirty-three new lodges have been organized and seven old or defunct lodges re-

Toledo has nine lodges of the order and all of them are gaining ground rapidly. Six of these lodges have combined and pur-chased a lot 40 by 120, on which they propose building a Pythian temple four stories high, at a cost of \$40,000.

The grand lodge notes of California at the grand longs notes of Camorina at its last session appropriated \$100 to purchase a P. G. C. jewel for G. M. of E. A. H. Gage, who has filled that position for the past five years; also for P. G. C. Stanton L. Carter, compiler of the excellent digest used by that jurisdiction.

Reports read at the recent session of the grand lodge of Indiana showed receipts of \$20,845, and a balance left after disbursements of \$9,505. There are now in Indiana 217 lodges, 28 having been added since Dec. 31, 1889. The total membership on that date was 17,897. During the year \$27,782 was paid out for sick benefits, \$6,931 for funeral benefits and \$3,381 for other relief.

MASONIC.

One of the Oldest Masonic Aprens in America-Notes.

One of the oldest Masonic aprons in America is owned in Philadelphia. It is of lambskin, about twenty-one inches long and nineteen inches wide. The apron and bib has been scolloped all around by hand. In the center of the apron is an artistically portrayed arch, with steps, lights, etc., surrounded by the emblems of the order, with a wreath of flowers intertwined. On each side of the arch, or pedestals, are fig-ures in full Masonic dress, and the pedestals bear appropriate inscriptions. On the It bears the initials of the original owner

under the flap, as follows: L A., 1777. The Freemason, of Sydney, New South Wales, says: "'Ladies' nights' are becom-ing very popular in Masonic circles in England. Lodges give a social, to which ladies are admitted and heartly enjoy the movelty. The idea is a colonial one, as for many years lodges under the grand lodge of New South Wales have held these socials with great success.

There is confusion among the craft in New Zealand. The assumption of forming a grand lodge by a majority of lodges has caused serious discord. Knowing that manimity is essential, the majority should have waited until all the lodges consented

Information from Tasmania carries the inference that a grand lodge has been formed by assent of all the lodges in the province. There are 153,277 affiliated Royal Arch Masons in the United States. New York

reports 15,646, the largest capitular jurisdiction in the country. Connecticut has 111 lodges, with an average membership of 239. The Grand Mark lodge of England has
